I would like to thank the Law offices of Carl Shusterman and especially their Sr. Paralegal Jay Pounders for their unwavering support and help in obtaining my permanent residency. **Client Review:**

My husband and I would like to extend our sincerest "Thank you" to Ellen Lee. Our case was probably the most challenging one with our age difference, ethnicity and religion, we were scrutinized heavily during our application process. When received and intent to deny letter, we researched and found who we believed and suspected that can help us. We were interviewed by Shusterman and Ellen took the case...and Ellen was tough. She confirmed and made sure we were a real couple and once she had her approval, we had a good feeling we had the right person who would fight for us...Ellen certainly did. She was our hero, we collaboratively put together a response to the intent to deny. In short, with Ellen years in experience, reputation, she single handedly won our case. We cannot even express our gratitude to Ellen.

I truly appreciate the excellent job that the law office of Carl Shusterman provided. My previous attorney gave me wrong information and made a big mistake during my I-485 application. Fortunately, I transferred my case to the Office of Mr. Shusterman timely. I worked mainly with Judy Lu and Attorney Allen. They are so professional and knowledgeable. Now, I got my immigration application approved and can finally reunite my family. I want to send my whole-hearted gratitude and complements to Judy Lu, Attorney Ellen, Mr. Carl Shusterman, and other staff involved in my case throughout the over-two-year-long process. Your team did a meticulous, thorough, and professional job with attention to details on this case! I want to especially thank Judy Lu for patiently and professionally guiding me through the long period of time. I highly recommend this firm to anyone who is looking for professional immigration services . Ren

**Client Review:**

I clearly remembered 3yrs ago I was told by a very known law firm that "i will NEVER be a US Citizen". The explanation given to me by the lawyer is not appropriate to me at all. I realized after all this years of being his client he don't know anything about my case, my history & why I sought his help. So, I never stopped seeking for answer. I decided to google "best lawyer in United States". I don't care anymore where, all I want is answer. Atty. Carl's name came out. So, me & my family flew to LA to see Atty. Carl. After listening to my story he re assured me right away. He told me that "you will apply for your citizenship and you will get it". I felt the sincerity to his voice. He assigned my case to Atty. Ellen Lee. A brilliant lady, a lady with a lot of common sense. A compassionate lawyer with a lot of brain cells. She walked me through the whole process until the day of my interview.

As of this minute..I am proud & very proud to say I am a US Citizen. Thank you Atty Lee, Elsa Garcia & Atty Carl for having the best team. God Bless you all & More Power.

As a former non US citizen I can only say Shusterman Attorneys provided a smooth, panic free, comprehensive service that was both reasonably priced with up front flat fees, fair payment schedule, and attorneys and staff totally knowledgeable and completely equipped to effortlessly handle my case successfully. Pointless to go elsewhere, for any reason. My only quibble is that perhaps their paralegals could have been in touch about twice as much to keep me updated in a timely fashion. Had I not contacted them frequently, we may have run into some minor problems. That aside, simply all you could want at a fair price.

**Client Review:**

I retained the Law Firm of Carl Shusterman to handle a most difficult immigration case of mine. I was working with Ellen Lee on removing my conditions of permanent residence based on good faith marriage. Ellen has been a shiny light in my life after my initial consultation. I had a storm of catastrophic lawyers I had previously consulted. Even though I was falling short of necessary documentary proof to demonstrate the good faith, Ellen took care of everything and was terrific in boiling down smallest details and information of the case to the essentials to present before USCIS. It was very extremely helpful to have Ellen guide me through the complex legal maze. Her ability to give personal attention to clients, work diligently with attention to details, write concisely and achieve results is striking. I had interview for my application and Ellen accompanied me during interview. Even though I was in east coast and she being in CA, did not make any difference or hamper our interaction while working on interview preparation. She made sure that we both understand all necessary details in great depth leaving no stones unturned for any failure. I was extremely impressed with her mentoring skills and made me confident as never before and was so excited and eagerly waiting for interview day!! She accompanied during my interview day and my case was approved immediately. My case was approved within 7 months of filing. I am highly impressed with her unmatched excellence in providing top-quality immigration representation. Truly, Ellen's leadership, hard work and ability to get things done and diffuse complex environment are an inspiration to me and my family. At same time, I am falling short of words for thankfulness and heartfelt gratitude for assisting me out of this legal and uncharted situation. Above all, she is extremely nice human being and fabulous leader willing to help anytime.

With no words to describe and smile on my face forever, please accept thankfulness from me and my parents for your great help. I am confident that the Law Offices of Carl Shusterman will remain as being the pinnacle of the profession forever.

Only two words to say: God Bless You and Thank You

Elsa Garcia was my paralegal. She was very professional, prompt, knowledgeable, explained legal terms in lay language, always returned my calls, very patient in answering my questions, never made me feel hurried but at the same time, kind, warm and friendly. Atty Prokop was the lawyer who accompanied me to my interview. She calmed my anxiety by going through my case in careful detail. She further made me at ease by getting to know me as a person. What made me admire the Shusterman Law office is their integrity and professionalism. They walked through the whole process from start to end with patience, providing me with all the necessary information and had made me feel as if I was the only client they were serving.

### Client Review:

I recommend Mr Shusterman to all our friends. We had a different lawyer prior to Mr. Shusterman and we shopped for some time for a different lawyer we were never convinced until we talked to Mr. Shusterman during an interview, his 30 mins interview was a lot more valuable and fruitful than 2 years with other lawyers. We felt the difference right away as soon as we signed with him and he made us wonder what the previuos lawyer was doing wasting our time. My husband is a physician who faced some hardship during his paper work and J visa and Mr. Shusterman was our best decision ever. His office never let us down and you do feel the difference in the knowledge when answering questions. We felt the difference between our previuos lawyer's office and Mr. Shusterman's office right away I am so grateful to him we are few months away from citizenship. His office is helping us with our family's papers. He is a different caliber from all the other lawyers that we delt with or even heard of from our friends going through the green card process. You always hear about other lawyers's offices loosing papers or not filing on time never with Mr. Shusterman you can be confident that your case is in the perfect hands. I always communicated with his staff by email or phone and I get answers the same day Best office ever. And I am picky

**Client Review:**

Success is absolutely achieved with the Shusterman legal team. Having gone through the grueling and tiresome process of obtaining my greencard attorney Ellen Lee and paralegal Ana Cruz were there throughout the entire process to work effectively and diligently for positive results. They are truly problem solvers and no matter what changes I faced (which I did!) they were there to offer assistance and render any hiccups or setbacks effectively. Both Ellen Lee and Ana Cruz were there to offer assistance throughout the 3 year journey for each step of the way and I can honestly say I could not have done it without them. They literally were hands of problem solvers for every challenge of a unique case like mine that I would not have been able to fix without them from last minute interview date changes to file preparation for a case full of hurdles which required an attorney able to give their 100% which they absolutely did from start to finish.

For best results, hire the best.

**Client Review:**

My employer introduced Carl Shusterman for my Green Card Processing. I started my Green Card processing back in 2006 and received my EAD in 2007. Later, in 2009, I had an RFE for which Mr. Jay & Mr. Rajakrishna helped me prepare a proper response to the USCIS in a timely manner. I was very concerned about my case after the RFE but I had no follow-up from USCIS for RFE. In the month of June 2011, me & my wife received our Green Cards in the mail box. During this entire process, Mr. Jay & Mr. Rajakrishna were very prompt and have always updated about me about the immigration status and news. Mr. Jay has always advised me about the EAD documents, travel documents whenever I needed. I had very good experience working with Mr. Jay. They were always available throughout the entire GC processing. If you want peace of mind for your immigration matters, I would definitely recommend Carl Shusterman. They are very professional, streamlined, disciplined, knowledgeable, prompt and worth the money spent.

I would like to commend Atty Carl Shusterman, Atty Ellen Lee and Senior Paralegal, Elsa Garcia for the efforts they made for my immigration case. Their competence with their job is outstanding.

Elsa was always prompt in addressing our concerns thru email and phone. She is somebody you can rely on when it comes to immigration forms and other requirements.

Atty Lee's expertise was truly remarkable. We had a brief meeting with her before our interview because she wants to make sure we have the right documents. She also told us what to expect in the interview and that surely relieved our anxiety.

I would also thank the most Atty Shusterman for being a great lawyer who always takes time to know his clients personally. I believe this is the best law firm anyone can ask for. I've heard from one of the videos of Atty Shusterman, dealing with immigration is like an operation, you wouldn't operate on yourself alone, you need a surgeon to do it. Atty Shusterman you are the best "surgeon", leading the whole team towards a successful "operation".

#### Client Review:

Hiring the firm of Carl Shusterman was the smartest decision I made for my immigration case, they manage to stay very professional, to keep you a few steps ahead of the NVC and to keep you updated with what is happening. My assigned attorney was Raj Iyer with the assistance of Judy Lu as the paralegal, they have always gave my case the proper attention and answered my inquiries no matter how annoying and repetitive I became. I would definitely work with them again in the future.

I am now a US citizen with a stable job, working 3 days a week and enjoying America. As I look back I am very grateful to Carl Shusterman and his staff who were with us during the immigration process. We did not know what to do or what to expect. Ellen Lee one of Shusterman's lawyers explained and answered our questions by e- mail and kept us informed. Ana Cruz the paralegal updated us. Carl Shusterman made the payments easy for us (monthly installments) which did help a lot since I did not have a job until I got a work permit which came about 5 weeks after our papers were filed.

**Client Review:**

I hired Carl Shusterman's firm to get help with my parents' green card application. Initially, I had filed the application myself but soon I realized that this apparently 'simple' process required legal firepower due to various "Request for Evidence" (RFE) demands by INS that were cropping up like mushrooms after spring rains ("Prove that your father did not overstay in the USA when he came here 23 years ago" was one such RFE).

While there are a few competent attorney firms that deal with immigration matters, I chose Carl Shusterman based on his reputation and stellar reviews. I am happy to report that his firm did not disappoint me.

I scheduled a call with Carl Shusterman himself initially. He came across as a calm and collected person. I signed the dotted paper, and was assigned attorney Raj Iyer and senior paralegal Judy Lu to my parents' case. Both Raj and Judy worked diligently on my case for several months, responding to various "queries" that INS is so fond of sending. They both were very responsive via emails and phone to any questions or concerns I had. Raj Iyer even called up National Visa Center on my behalf many times to speak about a few tricky issues.

Choosing the right attorney to represent you is as important as selecting a physician when you are sick. You don't want to compromise on the quality in either situation. If you have an immigration issue that is making you sick, you should talk to "Dr" Shusterman. The price is worth it.

**Client Review:**

I had a great experience working with Mr Shusterman and his associates especially Attorney Amy Prokop and Senior Paralegal Jay Pounders. I have previously hired two immigration attorneys for my case but I would not have got my Green Card if it was not for Mr Shusterman. My case became complicated due to an oversight by my previous attorney who filed my H1B extension about two weeks after it expired and then allowed me to travel on an Advance parole out of the country though according to the USCIS calculation I was out of status for 212 days thus subject to the three year bar. It took USCIS about 3 yrs to deny my first I485 but during that time my wife had travelled outside the country several times thus subjecting her to a 10 yr bar. I was unaware of these issues initially since everytime we had to go I asked my attorney and got an okay from him. Once the denial came is when I got to know the issues and my attorney's response was that USCIS does not know what they are doing and it will be ok. In the next 3 yrs he filed two I485 and two Motions to reconsider or reopen, along with Advance parole and EAD with each I485. They were all denied and even with all this he let my wife travel on the Advance Parole. Shortly after USCIS put me in removal proceedings with a Immigration Court date within 10 days. At that point I contacted Mr Shusterman (on a Friday afternoon)and decided to change my attorney. He worked with me over that weekend going over the documents I faxed to his house and came up with an action plan. He was upfront with me stating that my case is very difficult and we might have to go to federal court with this and if I was ready for several years of waiting. Needless to say his brilliant action plan got my case terminated from the Immigration court and a few months later got me my Green Card. Throughout the entire process he kept me completely informed of the steps he was taking and the reasons why they were necessary unlike my previous attorney. He is so thorough in his preparations that USCIS has no room to move in any other direction than what he wants them to move in. He anticipates all possible questions and is prepared with the answer before the question is even asked. If I had gone with him in the first place I am sure I would not have had any issues. I would very highly recommend him!!!!

**Client Review:**

A friend recommended Mr. Carl Shusterman for my immigration purposes. I was pleasantly surprised to not only find an awesome attorney, but a kind and considerate professional and expert in all issues about immigration. I had been consulted by some other lawyers in the past who always were running giving me only 15 minutes for interview and after that they almost pushing me out of the office. Mr. Shusterman never saw the clock and he never force to finish the interview. My appointment was supposed for 30 minutes but we took 50 minutes and I felt really comfortable because all my doubts were nicely clarified in the first interview.

Mr. Shusterman assigned to me their senior paralegal, Jay Pounders. Mr. Pounders has not only demonstrated competency in his knowledge of immigration matters but has won me over by his sensitivity to what an applicant goes through while trying to stay "legal" through this entire process.

He is extremely prompt in responding to emails and the reason why I appreciate that is that he would not only respond within the same day but that the emails would be detailed enough to help me understand what needs to be done. There have been so many occasions when I will ask for clarification and he will get back to me promptly. Mr. Shusterman's Law Firm and Mr. Jay Pounders helped me through this entire process including arranging all the required documents that I might need, preparing me for the interview at the US Consulate as well at the point of entry into United States. Needless to say, the process went smooth!

We highly recommend the law office of Carl shusterman to anyone needing immigration assistance, this firm will make the immigration process more bearable and will provide you your best chance of a positive outcome.

**Client Review:**

I had Ellen Lee and her paralegal Judy Lu work on my naturalization case. Out of a scale of 1 to 10, I give them a 11 - to show how impressed I am with their work. I don't write reviews so this must say something about Ellen and this law firm. I am originally from Vegas and looked for a local attorney to handle my case but did not find any that I was impressed with till I stumbled on this website and read all of the positive feedback from clients of this law firm. My case is somewhat complex. After my first meeting with Ellen I learnt that she has extensive experience.

Ellen and Judy spent hours (if not days) assembling my extensive travel records and criss-crossing all the stamps in my passport. Ellen confidently prepared me for the interview and put me at ease. As expected, the interview went fast and was very relaxed. Ellen also explained to the interviewer the extensive supporting documents she compiled relating to my travel and the interviewer sounded impressed. However due to the amount of info the interviewer had to process she said she could not make a same day decision but promised to work on it the following day or two.

Two weeks went by and I did not hear anything. There are two oath ceremonies scheduled each month and we passed still with no oath ceremony letter. Around Feb, I informed Ellen that since I have not heard from USCIS regarding the Mar 11th ceremony I was going to plan on a trip on Mar 8th and intend to be back before the next scheduled one. That's when Ellen apologized for the unexpected delay and told me "they don't know how to count" but did not elaborate. Anyway on Mar 8th when I was at the airport waiting for my outbound flight I was surprised with an email from Ellen saying that I have been scheduled for the Mar 24th oath ceremony!

It was only at my meeting with Ellen before the ceremony for final instructions did she hand me a letter to keep as a "souvenir". The USCIS made a decision in error and denied my application on grounds that I had broken the continuity of my residence with my many trips. I was given the opportunity to appeal and that I had to pay \$650. Ellen took it up directly with the interviewer's supervisor and told him about the mistake and that they had to correct the problem before the 30 day appeal period is up. The rest is history. Ellen did not even bother to tell me about the denial as she felt it was unnecessary to stress me and took care of the problem herself. In this business like any other business what you know and how you go about solving a problem in an efficient

manner goes a long way in making things go smoothly. Based on this firm's reputation and my personal experience with Ellen I can say look no further if you want a successful outcome on your immigration case.

For best results, hire the best.

Through my long immigration journey, the team at Carl Shusterman's firm did an exceptional job. I particularly want to mention Attorney Raj who is very knowledgeable and thorough. He worked consistently to smoothen out the bumpy roads in my immigration process and provided feedback appropriately. Judy Lu, the senior paralegal who assisted him has worked with my case right from the beginning. She has been very diligent, quick to respond and also proved to be very knowledgeable. Working with this professional team was a great experience and I wish to thank them sincerely.

#### Client Review:

With the invaluable help of Carl Shusterman's team my wife and I fulfilled our dream of being together after being apart for several years. The immigration process is a very delicate matter and the paperwork needs to be presented properly, and when it is about being with your loved ones, you should only let the best in the business handle your case. The whole process from the moment I contacted them to the day my wife was with me with a CR1 residency visa in hand lasted about 1 year and 4 months, and during that time Maria was always on top of my case making sure all documents were submitted correctly and in time, including always being available when I called and with plenty of informative and useful emails. In the beginning, Ellen advised us on which type of visa was better for us (fiancee vs spouse) according to the specifics of our situation, and near the final steps she provided us with excellent interview preparation and support when we were unsure on how to proceed. The above plus the fact that the fee agreed upon when the case started never changed, makes me rate this team as the best Immigration Law Firm in Los Angeles, and I highly recommend it to anyone seeking legal immigration advice.

Lawyer Raj and Susan accepted my case and provided me a lot of useful material templates such as recommendation letter. #### Client Review:

I had the best experience with my immigration case once I contacted Mr. Shusterman. I had consulted 2 other immigration lawyers prior to Mr. Shusterman and they both just didn't give me this sense of security.

Mr. Shusterman first helped me in obtaining my green card and now my US citizenship. He personally takes care of all questions immediately. Everything he said was correct and very accurate. I felt taken care of from the first few minutes into my initial phone consultation. Now my mom is applying for a green card and I, of course, referred her to Mr. Shusterman. He is not just the best immigration lawyer in the United States. He also has a great personality and an outstanding ability to connect with his clients to provide them with the best service on an individual level. Every case is different and he knows what will work best in a specific case.

Mr. Shusterman chose his associates and paralegals with great care.

Any of them (I worked with his partner Ellen Ma Lee, and Ana Cruz was the paralegal in my case) does a wonderful job. My questions that I ask by email are being answered within minutes. And I have never been placed on hold when I called the office.

There is no doubt that I will recommend Mr. Shusterman to anybody who needs legal advice in his immigration case.

#### Client Review:

I went to Mr. Shusterman for adjustment of status for my wife who overstayed her visa waiver for about 4 years and she came here after we were married.

I searched the internet and found similar cases like us which has been denied I even consulted a lawyer before Mr. Shusterman who was so pessimistic and said your case is being denied in most USCIS offices now.

I decided to go to Mr. Shusterman law firm and after he heard our story he said it's simple case marriage, I was shocked how calm he was about our case and the confidence he had but I trusted him right away. He gives you attention and listen to you, he and all the staff in the office answer any questions you have either on the phone or in person, I dealt with different lawyers and they treat you like they hired you not that you hired them, In Mr. Carl office it's totally different you feel warm, friendly and comfortable, usually me and my wife when we make a decision she tells me let think about it first and then decide what we are going to do, when she talked to Mr. Shusterman to represent us she didn't think twice and was very confident about him and his firm

Elsa Garcia the firm paralegal is very friendly, professional and you deal with her most of the time, she is very prompt in answering e-mail or calling you back when you leave a message.

And then comes attorney Lee nice, humble and very professional with tons of immigration experience and when the time come to defend you or represent you she is like law monster that nobody can stand in front of her, beside my wife hard case few month before the interview I became unemployed and I was so afraid because I didn't have another income sponsor, she calmed me down and assured me not to worry about it.

Sure enough our case was approved like a piece of cake with the help of those amazing people.

Amazing firm, wonderful staff and most important they know what they are doing, those words are not enough to express our feelings, thanks a lot me and my family will not forget what you did for us.

For best results, hire the best.

Is this changes anything? If am I required two years back to my country, what is this mean and what if I am not required?

**Client Review:**

Our company retained the law firm of Carl Shusterman to handle a PERM process in connection with a green card.  
We worked with attorney Rajakrishna Iyer and senior paralegal Jay Pounders. Jay was helping us with every step in the process and keep us posted all the time. They are truly professionals, we just got the PERM application approved in only 2 weeks.  
Their services are great and we strongly recommend the law offices of Carl Shusterman.

**Client Review:**

My case was not a strong case for eb1b green card. My material is messy without focus in the beginning. Carl's associate helped me a great deal and my case was approved in 2 month without 'request for evidence'. Four things impressed me most during the filing preparation: 1. my lawyer helped me re-write some of the reference letters which made my contributions much more clear and evident 2. my lawyer organized my material in a way that is beyond beautiful 3. I got many key advices to avoid pitfalls, for example, the number of claims etc. and 4. my specific questions were always answered in a very timely fashion. Overall, I highly recommend this lawyer for anyone seeking employment-based green card.

**Client Review:**

Unparalleled Success ...

Basically, the legal services rendered by the Law offices of Carl Shusterman are pretty much the same as what other immigration law firms may offer. However, LOCS do things credibly different. Hundreds of satisfied clients expressed that professional expertise coupled with years of relative experience are among the extensive list of incomparable qualifications that are attributed to the success of this law firm. My family's personal experience working with them, however, made it more in-depth in realizing what really made this Law firm indeed successful and that is, the company's most important resource – exceedingly dedicated workforce.

Passion for work and concern for clients...

My family was fortunate to have worked with two of the Law firm's highly skilled, committed and very compassionate staff: senior paralegal Elsa Garcia and Attorney Amy Prokop.

Working with Elsa turned out to be a flawless process. From the gathering of information; filing of all the documents and until we received our application notices from USCIS, every bit and pieces were well-organized and put together smoothly in a timely fashion. From then on, Ms. Garcia would keep us informed of the status of our application from time to time. She worked diligently and thoroughly handled the paperwork with sense of accuracy. Her level of patience is enormous and her concern for our case is sincere, as if it was her own.

Capability indisputable and resourcefulness beyond expectation...

It is noteworthy to mention that our case (I485) was adjudicated in less than 5 months from the time it was submitted. Considering the fact that when my dad passed on 2 years ago, we thought that the approved petition was over. It was indeed so disappointing since we patiently waited in line for 18 long years. And as an added insult to injury, my older daughters "aged out" already, so to speak. We know that it's tough, but knowing that your case is being handled by a credible lawyer in the person of Attorney Amy Prokop, made us feel at ease and assured during the entire process. Not to mention about her accolades, what I appreciate most about Amy is that, she will never give you any false hopes or promises but, you always get that sense of conviction from her that she is doing everything in her capacity to get things done reasonably. Her mere presence during our interview, her vigilance and organization of all the necessary documentation and factual references made all these things possible for us today. We firmly believed that it can be done, but we never thought that it will come too soon. True enough, my entire family's green card application was approved on the day of our interview. Notwithstanding the fact that given the complexity of our situation, we are now permanent residents of the United States.

All the work and resourcefulness that Amy put into and astutely presented during our interview to ensure that our case will be approved paid off. And she has indeed done it for us! My entire family is so indebted for the effort, moral support and patience that she has generously provided. Attorney Prokop has been our stronghold during this entire episode of our roller coaster ride. I would like to mention that my children appreciate her for being approachable and insightful. Her kindness and respect for others makes working with her more comfortable.

We felt that Attorney Prokop's and Ms. Garcia's exemplary work attitude, profound knowledge and prestigious professionalism are customary to every single case and every client that they work with.

Make the right decision...

Finally, I would like to say that there are so many immigration law firms out there and I know that you will agree with me when I say that no two companies are alike. In the same manner, we can agree that every case is different and each individual situation is

unique. Yet, all of us who succeeded shared one common aspect amongst us, other than our success stories – that during our individual legal battle, we were all represented by a team of highly c

#### Client Review:

This is the best law firm that one can ask for...

My family had our F4 I-485 adjustment of status denied on Oct 29, 2010, reasoned as Canadians being in and out of the US triggerred unlawfully presense!!!

We had consulted with different lawyers but none could get us the clear response, some even not taking our case for consideration. But thanks God, we found Mr. Shusterman's law firm and came for help on 11/15/2010.

Especially thanks to Attorney Ellen Ma Lee for her effort, knowledge, and expertise, she explained clearly and confidently and took the case on herself. We immediately felt the peace, comfort, and confidence after the very first consultation with her.

And Yes, after 2 weeks of having her as our attorney, our green cards came in the mail. We got them on 11/29/2010 surprisingly.

Once again, thanks so much from the bottom of our hearts for your help and the experience that you possess. Our lives would have been so much different if we did not retain your service. Also thanks to Maria Cobian for her quick response and great communication.

To anybody looking for immigration help, please do not waste your time looking around, this is it! None out there is better than the law firm of Mr. Shusterman's.

Atty. Shusterman was referred to us by our friend because we have tried other attorneys in the past that did not do what they were supposed to do. On our first consultation everything was explained regarding my case three years ago. With the complexity of the case I felt confidence in him that he could help me with it. We have heard many endorsements from family and friends regarding stories of success from other cases. With his staff that handled the case help me enormously get through my situation. Starting with the paralegal Judy Lu made great follow ups and communicated with me and was quick to answer all my questions. Also Atty. Ellen Lee made it easy for me by giving me support during my interview. Overall I have never experienced a law firm that followed with my case like Atty. Carl Shusterman. They are professional and cares a lot about their clients. I finally received my approval in the mail before thanksgiving and will be receiving my green card in a few weeks. I would like to thank Atty. Shusterman, Atty Ellen Lee, and paralegal Judy Lu for doing such an excellent Job. I highly recommend this law firm to anyone seeking immigration assistance.

#### Client Review:

My fiancé and I were searching for an LA based law firm to help with the immigration petition for permanent residency through marriage. I had read a lot about this lengthy process and was not comfortable in undertaking such an important and document heavy job by myself. The reviews I had read about Shusterman's law firm were all very positive, and I was pleased to find that on our first consultation (with Carl himself, and all set up very promptly) that such reviews were all justified.

We were walked through the application process, and were given prompt feedback as to the nature of our application, which was quite a straight forward case, but it was reassuring to know they had handled hundreds of cases like ours in the past.

We were assigned a para legal assistant who took us through the entire document filling / supporting info gathering process, and we had a complete package ready to go in approximate 2 months after we appointed Shusterman's as our attorney. Our para legal assisstant was very prompt in answering all of our questions, and gave us regular updates once our application was submitted.

Once our interview time with DHS was confirmed we then had a briefing with lawyer who would be representing us on the day of the interview, which was helpful to prepare us.

The best part about working with Shusterman's was their familiarity with the application process, all the way down to their knowledge of many of the DHS people you may come

across along the way.  
For anyone considering undertaking this burden, I would highly recommend the use of Shusterman Law Firm

It gives me utmost honor and joy side by side to write down few lines in regards of my extraordinarily competent immigration lawyer Ms Elahe Najfabadi. Even from the very first day when I talked to her regarding my H1B visa status and then later its conversion to Green Card, I felt an unbelievable and substantial level of trust formation towards her. It took me no time to have a firm belief that she's an expert of her field and I'm in safe hands. From there onwards, it was an array of good news one after the other. She has been extremely prompt, available, coordinated and systematic in her approach. She has always been very receptive to my concerns and has been able to come up with the most appropriate solutions. I must not forget to mention Ms Ann Powell, Ms Najfabadi's assistant, equally up to the mark in her field. Both of them made my case expedited in such fashion that I got my Green Card approval far earlier than my expectations. I would highly recommend Ms Najfabadi for all sort of Immigration services without a slightest fragment of doubt in my mind.

#### Client Review:

I am fortunate to have retained Mr Shustermans services when I applied for my green card in 1990. Because of his experience in working as an auditor for the INS, he was able to address specific issues regarding my status very effectively, resulting in the subsequent approval of my green card.

Specifically, I was married for a little over 2 years at the time but filed for a divorce a few months before meeting the minimum time required to qualify for the green card. Although it seems that I could have just waited another few months and "ride it out", it was necessary to leave my wife at the time, who had been physically abusive towards me for months. When we (Carl and I) met with the Auditor it was apparent, that the marriage was in fact real, however, that the circumstances were very unfortunate and that it was necessary for me indeed to distance myself from my ex-wife for my safety.

I was prepared to leave the country if I had to but was granted the green card instead.

I am certain that due to the complicated nature of my case, it would have been nearly impossible to find another attorney who was willing to represent me. Mr Shusterman was able to make a clear case of spousal abuse to which no person should be subjected to, regardless of their nationality or immigration status.

I highly recommend the law offices of Carl Shusterman and appreciate everything he has done for me and my family!

Thanks Carl!

Maraming Salamat sa pinaka magaling, matarong at ma-asahan na abogado  
Another attorney had filed my papers for me. All I was told was that it will take a long time before I get my green card because of backlogs. I should not be calling their office, but they will call me instead. This was twenty years ago. Three years ago, I met Mr. Shusterman through a kababayan, and he informed me that I can keep up with the immigration news and priority dates through his website. He also told me that I do not need an attorney to educate me about Immigration, but I do need to wait until my priority

date is reached. I was religious in checking the movement of the priority dates from his website.

As a courtesy, his office informed me a couple of months before my priority date became current, so I asked Mr. Shusterman if his office can help me with my final papers. Ana Cruz, was the paralegal assigned to my case. She helped me with the paperwork June, 2010. In July I got my fingerprint notice, and in a couple of months, I received my Employment Authorization. In three months, I got my interview notice. I thank my lucky stars for my chance meeting with Mr. Shusterman. At that time he did not tell me, that I needed a lawyer nor that I should use his office. I was never in any pressure to hire him but because of his honesty, I told myself I would be stupid not to use their office. My interview went very smoothly. I was prepped and accompanied by Atty. Prokop. She was very kind, understanding, very helpful and knowledgeable. In ten days, my green card was approved and my life has turned around for the best. Meron na akung lisensya sa pagmaneho, maka -pag-aral na aku sa public school at makatapos na aku nang aking gustong kurso.

#### Client Review:

This is the best immigration law firm in my opinion. If you want the best lawyers working on your case, this is the place.

Carl Shusterman provides professional advices on my green card filing. He is very knowledgeable and experienced in the field. From the first conversation, he correctly predicted what to anticipate in my case. His expertise gave me confidence to continue with the firm, immediately after I talked with him.

Ellen Lee helps me during the interview process and advises me on the process followed. She is very supportive and handles the procedure smoothly. She impressed me not only with the professionalism, but also with the art of communication as an outstanding attorney.

Jay Pounders have been advising me over the course of several years on various tedious filing procedures. He is informative and supportive over a time frame of several years. Immigration process is time-consuming, and Jay's support is very consistent and reliable.

This firm is a good professional team with outstanding leadership and talented professionals. I wish that I came to Carl Shusterman's firm earlier for professional assistance. That could have saved tons of sleepless nights and grey hairs. I am glad I did when I was referred by a lawyer friend several years ago.

Mr. Shusterman handled my immigration case in a very professional manner. He is extremely knowledgeable about immigration matters. Upon my first visit, even though my case was not that straight forward, within a matter of minutes, he exactly knew what was my case all about.

During my citizenship interview, I was accompanied by Lee. Lee is very active and professional. Her presence was very visible.

Experience is the key and this attorney definitely has a lot of it.

We have been dedicated with a senior paralegal Jay Pounders, who has been providing excellent support and we feel that we have our paralegal virtually sitting next door. The response time has always been in minutes and we are very much impressed with the way we have been mentored on all the immigration matters that we should be catching up. **Client Review:**

At the time I hired Carl Shusterman in 2006 to assist me with my application for US citizenship, I had been a Legal Permanent Resident (LPR). The most important issue that blocked my path to citizenship was the fact that I had lived a long, long long time out of the United States after becoming an LPR in 1971.

Acting on Mr. Shusterman's sage advice, I was able to collect documents that suggested I had intended to maintain family, social, and financial ties to the United States. Accompanied by one of Mr. Shusterman's staff immigration attorneys, I sailed through my citizenship interview and passed the citizenship test without difficulty.

Many months later, the real value of the service Mr. Shusterman provides was highlighted when the US Citizenship and Immigration Services (USCIS) had still refused to decide whether to grant my naturalization. USCIS hadn't decided on my case because the FBI had not completed its background check, notwithstanding the fact that USCIS is required by law to grant or deny citizenship applications within 120 days after completing the naturalization interview.

With only weeks left left before my fingerprints for the FBI background check were to expire, (meaning that I would have to go to the back of the background-check line and wait all over again), Mr. Shusterman's crack litigation attorney, Amy Prokop came to the rescue.

On my behalf, Ms. Prokop filed a petition for mandamus relief with US federal district court asking the court to order USCIS to make a decision on my citizenship application. The suit spurred the USCIS mandarins to make their decision.

Thanks to Mr. Shusterman and Ms. Prokop, I was sworn in to become a proud US citizen.

I highly recommend Mr. Shusterman for anyone needing a trustworthy and knowledgeable immigration attorney.

I was really impressed about all the actions done, step by step to get our green cards in such success. It was only Atty Carl Shusterman who advised me that the current priority date of my mother's petition could be based on my wife's country (Indonesia) which was earlier ahead compared to my country (Philippines). I was not aware of this benefit. I don't even know this rule, even other lawyers that I consulted before they never came-up to this advice/conclusion! I did a lot of research on this but I could hardly find the rule. It is a hidden immigration rule! Thanks to Atty. Ellen Lee and Ms. Maria Cobian assistance/supports/services for the successful completion of our case!

**Client Review:**

I am not very comfortable in writing English - and due to my health am having my daughter type this up for me. Although I personally never met with Mr. Carl Shusterman, my children met him and I met with his associate Ms. Ellen Ma Lee - an angel who saved me from my immigration nightmare, whom Atty. Shusterman recommended to me in his office to work with me. My situation was complicated for all the wrong reasons and even my own consulate did not help me, however, when my children approached Atty. Shusterman's office, he not only patiently granted them an audience, studied the case in its entire detail before suggesting the different options open to them, he assured them that the United States of America and the laws / legal system herein, was diligent enough to protect the rights of all its residents and citizens and their immediate relatives. Attorney Shusterman put my case in the able hands of Atty Ellen Lee who worked very closely and persistently with my children to get all my paperwork together by suggesting

the alternatives for the unavailability of certain documents (due to the fact there was no recordkeeping in India during the time of my birth etc.).

I am a heart patient and have several health complications and when my 485 interview came up, I was extremely tense and worried since the general norm is to grant approval without an interview. My children asked me not to worry since Atty. Lee would be here by my side to help represent my case to the adjudicating officer.

Although the situation was a little worrisome, as my children informed me later, Atty. Lee just kept assuring me all along during the time of my prep that there was nothing to worry, even if I was not very comfortable speaking English, to tell the truth, to not deny my genuine ignorance on certain issues which led to the complexity of my case etc. She kept a keen eye on my health situation and was very perceptive of my feelings and anxiety. At the interview, I could not have asked for someone better to represent me, because she made me feel completely assured, by the easy manner in which she talked to the Adjudicating officers, presented the problems with the corrupt bureaucracy in my country, and what were the possible options and all the documentation we had provided etc. Needless to say, the officers were convinced of my helpless situation and I truly thank the US of A for being so supportive of its citizens and residents, and after a new technology test that they asked me to undergo, which proved my position, as suggested by Atty. Lee based on her knowledge of the system, my case was approved and I received my Green Card last week, less than eight months from the date of my application.

My children found Atty. Shusterman on Google in their search of top immigration attorneys in 2006, after some local bay area immigration consultants and attorneys swindled us of a lot of money and yet almost botched up my case. However, after we came to the Law offices of Carl Shusterman, every situation, every challenge, every option was explored in detail, not only by the Atty. Shusterman himself, his able associates, Elif Keles and Ellen Lee. They are worth every penny that we spent as some of the previous reviewers have mentioned. We would not think of going to anyone else for our future immigration needs. Its not just about being knowledgeable and professional – it is about taking a personal interest in the wellbeing of their clients, no matter how complex the situation that makes Atty Shusterman and his associates like Atty Ellen Lee the best in what they do.

For best results, hire the best.

It's been a long journey from entering this wonderful country to getting done with the immigration paperwork and becoming a citizen. The journey that can only be understood by a fellow immigrant who is going through all its trials and tribulations. And this journey has been easier due to hard, honest and always helpful and proactive approach that Carl and his Immigration office took. Whether you talk to a receptionist, paralegal or an attorney, you always get exceptional service and heartfelt help. Carl and his fellow attorneys have always delivered on their promises. Attorney Ellen Lee was with me for my immigration interview. Calm, funny, supportive, professional - she made the experience a memorable and easy one. As a client, I felt taken care of. Amazing attorneys, amazing team.

I would refer anyone to this office without a doubt (and I always do when I am asked). They have knowledge and experience that is far beyond what is available out there. Carl Shusterman and his team are worth every penny.

#### Client Review:

I had spoken with so many immigration attorneys and specialists and each promised so much, and delivered very little. It is amazing how many people there are out there willing to take your money and lie to you about your options. I'd been in the US for 25 years and could not find any answers or way of becoming legal, despite my success as a college student and my devotion to numerous charitable organizations. Mr. Shusterman was very honest with my brother and I about what could be done, and what could not be done. His previous work with INS makes him an expert in immigration law, which can be quite cumbersome and complicated. Thanks to him and his hard working staff, I am now working in the field of my choice and finally realizing my dreams! Of course, he can't solve everyone's immigration problems, but he'll be honest with you about whether you have a case or not. Worth the money.

### Client Review:

Hello,

my name is Akop Medvedev. Earlier this year I recieved the letter regarding my wife that she got denial on recieving a permanent green card. Later on we found out that we never recieved a form from immigration offices to fill out so immigration service simply denied my wife's case. We hired Mr. Shusterman. I'm very skeptical when it comes To hiring or dealing with lawyers. But I had the BEST experience ever! From our first meeting Mr. Shusterman waisted no time on getting all the information, he assigned me to one of his lawyers in his firm: attorney Hellen Lee. Within 2 month, we provided all the information that we were asked to provide. And a week ago we have recieved a notice that we got the green card! We won!!!

Great people work at Shusterman Law firm! I highly recommend them to everyone who has any problems with immigration!!!! You won't be dissappointed. they take care of you like you are a part of a family!

I hope it help those who has doubts about hiring a lawyer! Shusterman Law Offices is the best and guaranteed place to go!

### Client Review:

I had used another law firm to start my green card application and basically was in a holding pattern for what seemed like forever. I had to go through the labor certification process which, being from CA, put me in a long line while waiting. Communication with that law firm was minimal and they just kept putting me off or brushing off my concerns about what seemed like an excessive amount of time waiting. They just didn't seem to be on top of anything. Lo and behold, that law firm closed down. I was in an absolute panic wondering what was going to happen to my application...would I have to start all over again, it was already 4.5-5 years into the process, where was my paperwork even if I could find another lawyer?

I saw an ad for Carl Shusterman in the yellow pages and I called his office. I was able to schedule a consultation very quickly and Carl, personally, talked to me about his experience as an immigration lawyer, what he could do to help me out and what the next steps would be. Honestly, I was a little concerned because I had just been burned. But he spoke with such reassurance and confidence that he put me at ease. I felt comfortable that he could help me out. And boy, did he! Within 2 years of hiring him, I had the green card in my hand. During that time, his firm kept me well-informed of the process, handled my paperwork in a timely fashion and responded quickly to any questions or concerns that I had. He and his firm seemed to know exactly what to do with the most up-to-date information to move my case along in the labor certification

process, the biometrics and ultimately the finalization of my green card application. I know that I could still contact them if I had any other questions. I have to say that if I hadn't hired his firm, I'd probably still be waiting almost 3 years later (got the green card in Sept 2007) and would not have been able to work and travel the country as I have in that time. I would highly recommend his firm.

For best results, hire the best.

Throughout the case(deportation), she was always supportive, caring, and understanding. She is an amazing attorney very professional and knowledgeable. Elif always returned my calls or emails whenever I had a question or concern, even when I had to talk to her during her days off. It is so nice to be able to express your concerns to an attorney and have things explained to you with out being rushed or bombarded with terms you don't understand. Our whole family is very pleased with Elif Keles she is just awesome. And WE are very happy to have our family member home. Thank you Mrs. Shusterman for having Mrs. Keles in your team.

I had sought help from two other immigration attorneys' before a fellow associate recommended attorney Carl Shusterman. Carl and his staff, attorney Rajakrishna Iyer and Senior Paralegal Jay Pounders were wonderful, professional, with a thorough understanding of the immigration process for obtaining visa's for artists. As they expedited our case with the utmost confidence and speed, we are truly grateful for their hard work and guidance throughout the proceedings. I highly commend and recommend Mr Shusterman's law firm for all immigration issues.

I have been using their service (actually through my work) since 4-5 yrs. They have been helping us with immigration related services, but times and again, they would help with other issues surrounding immigration as well.  
I was really impressed at the pro-activeness of few paralegals (like Jay Pounders and Rajakrishna Iyer) that they would inform me and my company on upcoming important deadlines and dates to file application.

Overall, whenever I had questions, I will always resort to this team to get the most accurate answers. A lot of forums on web have confusing answers and hence its always good to talk a person well aware of matter and thats where Jay and Raj come in action. I would greatly recommend Carl and his team.

Thank you.

I've had a decade experience with Mr. Shusterman's law firm. I used them for my immigration needs from H1 to citizenship. It is safe to say this is one of the most competent, professional and knowledgeable law firms. If there is a firm that can handle any possible immigration case routine or otherwise; then this is it. A couple of my colleagues have also used Mr. Shusterman's expertise for "tough" immigration situations and have had issues resolved in their favor. This firm's expertise is worth every penny. I'm still using them for my immigration needs as of this review.

Mr. Shusterman was able to quickly obtain citizenship for my stepson Alexis after the previous lawyer failed to do so in a timely manner. Carl's thorough understanding of the immigration process and the appropriate methods of expediting this process made all the difference. His application would probably still be stuck in endless paperwork and delays, or even denied if it hadn't been for Carl. I am very grateful that Carl was able to help me and resolve my case; he is very highly recommended for any type of immigration case.

**Client Review:**

Attorney Amy Prokop and paralegal Ana Cruz did a great job with our case. I came to visit my girlfriend as a tourist and we decided to get married. I would say that the communication throughout the process was good, and the case was much easier than what we had heard it would be like. In fact we got married at the end of November and on 03/17th my green card was approved. My wife and I only consulted with other lawyers before deciding who we would hire. We found unprofessional people along the way, others being totally dark about the fact that we had not followed the k1/3 procedure. We randomly found Shusterman's website loaded with videos and Info, had one appointment and the decision was easy. I'm sure everybody has a certain way they like to do things, for our specific case, everything was handled properly. As a bonus, I'd like to repeat that Shusterman's website has tons of videos that were very helpful for my wife and me in order to know what to do. Recommendable!!

It's been so many years that I've been searching for a good lawyer to help me in my case. I've spent a lot of money for the initial consultations just to say to me that I have a hopeless case. One day my cousin attended a seminar and met this lawyer. She told me that this law office had the best lawyers and she was right. I was given a chance to stay with my beloved husband. Believed me, they had the best lawyers, paralegals, and employees. Atty. Carl Shusterman is very knowledgeable, supportive and outstanding. Atty. Ellen Ma Lee is very kind and straightforward. She will give you her best effort to win you case. She's excellent. Maria, a paralegal, was very helpful. She's always there to answer all your questions. The receptionist was also well mannered. All in all, their law office is the very best of all.....again, thank you so much to all of you. You made our dreams come true.

**Client Review:**

Without a doubt, Carl and his team are the best in Immigration. As an immigrant I have learned a lot during years about immigration and immigration attorneys. You definitely want someone with experience and knowledge to handle your case (no matter how simple your case is). There is not any kind of immigration case and problem that Carl and his team haven't seen and solved. Besides, immigration is Carl's passion, he has spent his life on improving immigration laws. You may think a lawfirm at this level is probably very expensive but actually the cost is very reasonable and a lot better than many other law firms when I compare to my friends. After all, what you spend on your immigration matters is like an investment on your future. Carl and his staff are very friendly and responsible and always available to discuss your concerns. You will never find yourself alone and hopeless when you are one of their clients. My wife and I are so grateful to them for the superb work they have done for us.

My husband was an old client of Carl Shusterman. When we got married, the law office helped my husband file a petition for me. I was living and finishing my studies in the Philippines. I was very pleased and surprised that the process had no hitch and I was able to join my husband here in LA. We did not have to be separated for too long. I finally met Carl when I came to the US. He was very kind, and warm and was happy that he handled our case. Since my husband joined the military, the law office was able to apply for my citizenship in no time. I was surprised at the speed of the events. He made my arrival to this country and becoming a US citizen seem so easy. I would never consider going to another lawyer. "It's ang aking payo sa aking mga kababayan. Maraming Salamat po Mr. Shusterman."

Mr. Shusterman, his attorneys and paralegals have been very helpful and supportive. You will find them efficient and organized with the documentation. They have provided me with very personalized service, and have been very prompt with returning phone calls and responding to emails.

They are highly experienced and trustworthy, and above all, concerned and compassionate. They make you feel that you are not just another client but that they do understand how it is to be an immigrant seeking a permanent home!

#### Client Review:

I am a Los Angeles-based news reporter, who hired Carl and his team of attorneys to help me acquire permanent residency in the United States. I was dreading the arduous and bureaucratic process, but Carl and his staff were so professional and efficient, they helped the procedure go very smoothly. Carl has extensive experience both as an INS Prosecutor, and in private practice, which gives him a thorough understanding of the entire immigration process. He is also well-versed in U.S. immigration policy, and keeps up with the latest trends in immigration law. From your first conversation with Carl, you immediately become aware of his integrity and commitment, and moreover, the passion he exudes for his work. Any concern I raised was immediately addressed. Phone calls were answered in a timely manner. Information I requested about the process was promptly forwarded. And there was never a complaint from his staff. They were always courteous and attentive, making me feel that my case was the only one being handled by the firm, when in reality I was likely one of hundreds of clients. That's right, the Law Offices of Carl Shusterman has gained a reputation as the "go-to" firm for immigration cases. Carl believes that immigrants have played a pivotal role in making the United States one of the greatest nations on earth, so he will work to help those he believes will contribute to the greater good of this country. Be warned: Once your case has been settled, you'll likely still continue to hear from Carl. His genuine warmth and kindness make it near impossible not to become his friend. Thank you Carl.

#### Client Review:

I am a teacher who came to the States on a Visiting Scholar visa. My school district was very happy with my work and agreed to sponsor me for an H1B visa first and then for my permanent residence application. Since the very beginning of the whole process, Mr. Shusterman was always available for any important consultation. Mr. Shusterman explained all the application processes and their requirements very clearly. He and his associates did also provide very clear information regarding fees and other costs. At any time did I have any bad surprise regarding the process fees, no matter how long the process would take. Mr. Shusterman's assistants took care of all the minor details: Ms. Judith Lu did a phenomenal job providing all the paperwork and information to my school district. She has always been available for any consultation. She made the whole process absolutely easy to understand and follow for me and my district's HR department. I just simply did not have to worry at all about any paperwork or any piece of information. Ms. Lu was literally always available to answer and ready to compile, send, or fax any necessary documents.

In my particular case, I had to apply for several renewals of my H1B visa while completing my permanent residence application. Mr. Shusterman and Ms. Lu did an excellent job in explaining and coordinating all the details of both processes. They guided me and my district's HR department through every single step. Both, Mr. Shusterman and Ms. Lu did not hesitate to contact my district's HR representatives to clarify any point.

In sum, Mr. Shusterman and his team of lawyers and assistants have enabled me to have a successful professional life and career here in the United States. I highly recommend Mr. Shusterman's legal services to anybody that needs help in the field of immigration. Mr. Shusterman and his team will always go the extra mile to help their clients.

**Client Review:**

Atty. Carl Shusterman and his staff, Maria Cobian genuinely helped us in our immigration needs. We personally appreciate their great service in turning our case from hopelessness into reality.

Wayback 2005, my wife was working in an agency as a traveling nurse when unfortunately the immigration found some inconsistencies in the part of the her employer who has no enough evidence to support financially all 10 sponsored nurses for their immigration status. Consequently, the immigration denied all of the sponsored nurses' application submitted by their employers. So my wife and I went to find a hospital over in Los Angeles area where she can be sponsored for permanent resident. She was eventually interviewed and accepted to work in the said hospital and referred to visit Atty. Carl Shusterman for consultation about our case.

Atty. Carl Shusterman gave us his 30-minute time LISTENING to us and giving us a detailed scenario of our case. He was optimistic and honest enough to tell us that HE WILL DO HIS BEST but he did not give us a false hope.

Since then, he processed our case accordingly and he gave us also ways to pay the total cost in an installment basis, excellent communication between his paralegal - Maria Cobian, updates were on time and they always took care the rest of the details. They

were honest people and they are truly highly recommended! These are the people with integrity!

For best results, hire the best.

#### Client Review:

My employer found the Law Offices of Carl Shusterman in 2008 for EB1B case. Attorney Ellen Ma Lee was my lawyer and she did a great and very professional job!!! She showed very knowledgeable in immigration laws and prepared very strong petition letters for my case and response to RFE. I must mention the wonderful Paralegal Ms. Susan Zhang. She even actively searched the Internet to get more supporting files to make my case stronger. I do not think all paralegals could do that, and most of them just give you a list to show what you need to prepare. They replied the email and phones in timely fashion, and followed up my case responsibly. My case is not very strong, but I and my family obtained our green cards in about one year. Without their wonderful help, it is impossible. BTW, I can make the payment month by month. That was awesome also. I highly recommend them to anyone who needs help for Permanent Residency application.

Excellent, Professional, and Trustworthy Human beings.

I recommend Mr. Carl Shusterman Firm with utmost admiration on any immigration issue. I met Mr. Shusterman approximately 2 years ago; my personal needs were a special case. After further review and legal advice, I began the process to legalization in this great country of ours. The process was handled by a well-rounded staff and knowledgeable colleagues; the process for GC was funnel thru the proper channels with precision and flawless solutions. USCIS arranged an interview process and Mr. Shusterman staff assisted me without any setbacks. I am humble to have learned so much on immigration laws and procedures.

The result was quick, professional, and responsible to say the least. I received my GC documentation in record time. I am on my way to legal citizenship within the next 3 years. I am the son of immigrants and not knowing much on immigration laws, Mr. Shusterman and legal staff provided me the right answers to my immigration issue.

Thank you, Mr. Shusterman, Ana, and Ellen for such great experience in my lifetime.

**Client Review:**

I met with Mr. Shusterman while my wife and myself were attending a medical society conference in San Francisco in May 2003. Mr. Shusterman was a speaker at one of the sessions relating to immigration for foreign medical graduates. After the session, my wife and myself "accosted" Mr. Shusterman and we spent the next half an hour chatting on immigration possibilities and challenges for foreign medical graduates. What impressed me the most at that time was that Mr. Shusterman was willing to spend time with us totally unaware that we were looking for an immigration lawyer. At that point, we were deliberating between Mr. Shusterman's firm and another immigration law firm from Washington D.C. but our meeting with Mr. Shusterman that day clinched the deal in his favor.

I must say, I have never regretted that decision! Over these past 6 years, Mr. Shusterman's immigration firm has helped us process my J-1 Waiver application followed by H-1B application (initial and thereafter renewal processing), green card application, and most recently helping me with traveling to India with H-1B Visa application at one of the US Consulates. Navigating through the myriad requirements of immigration paperwork can be a daunting and nerve racking task as any applicant going through all these will admit. What gave me peace of mind was that I knew that I had one of the premier immigration law firms in United States behind me!

Mr. Shusterman assigned to me their senior paralegal and office manager, Judith Lu, MBA. Ms. Lu has not only demonstrated competency in her knowledge of immigration matters but has won me over by her sensitivity to what an applicant goes through while trying to stay "legal" through this entire process. Sharing stories with my other physician friends (who have worked with other immigration law firms), I realize how lucky I am in not having to worry about reminding Ms. Lu about my H-1B status expiring or for that matter when to process paperwork relating to compliance with "employment in an underserved area" and so forth. She has been on top of things in terms of not only sending reminders well ahead of time but also reminding me time and again as to what documents we would need for us to move through the next process. I still remember the time when we were working with deadline looming for filing for changing to immigrant status. I was worried about a certain document and this was Friday evening. It was past 5pm PT and I called her office frantic and she picked up the phone and assured me that all the paperwork was proper and that the application was going out on time. I was so relieved! There have been other occasions over these years when I needed to speak with her and she has been nice enough to call me back/email me within the same/next day.

While, I understand that Ms. Lu has the other staffers from Shusterman's Law Firm help her to make this entire experience as seamless and smooth as possible for us yet I cannot but appreciate some of her personal touches. She is extremely prompt in responding to emails and the reason why I appreciate that is that she would not only respond within the same day but that the emails would be detailed enough to help me understand what needs to be done. There have been so many occasions when I will ask for clarification and she will get back to me promptly without sounding condescending (and yes she does not charge for the emails either!). More recently, I travelled to India and was worried about applying for H-1B Visa at one of the US Consulates but she and one of the lawyers from Mr. Shusterman's Law Firm, Mr. Rajkrishna Iyer helped me through this entire process including arranging all the required documents that I might need, preparing me for the interview at the US Consulate as well at the point of entry into United States after I return. Needless to say, the process went smooth!

I would strongly recommend Mr. Shusterman's immigration law firm to anyone who is looking for a law firm that "knows its" immigration related laws and guidelines; "understands" what a individual i

**Client Review:**

Do you worry about your permanent residency? Does the complexity of the application process and prolong delay bother you? Does the thought of USCIS not processing your petition on time worry you? Then you need the good folks at Shusterman's!

We first met Mr. Carl Shusterman at his office, on May 11th 2006. He along with his esteemed staff were very kind, answered all our questions diligently with extreme confidence. With my background, I was certain to fall into the EB2 Category. But Mr. Shusterman thought otherwise; He was confident that with my research background and publications, I could apply in the EB1 Category bypassing labor. I was very concerned about it and doubted the whole process but was truly mistaken!

From that moment on, we were assigned a Senior Paralegal and the wonderful Ms. Susan Zhang. They guided us throughout the process, every step and helped us with all the necessary paperwork ~ 131, 765, 140, 485. Within less than a year after applying, we received our green cards. We did have a few hiccups and that we received a couple of RFEs. But with their focused, organized, dedicated, in-depth understanding of Immigration law and expert guidance from Mr. Shusterman, we were able to sail past without any issues.

I highly recommend their firm for anyone applying for Permanent Residency.

#### Client Review:

I came to the US on my B1 visa and changed my status to H1B when a public school district sponsored my work visa. Satisfied with my classroom performance, my school district sponsored my immigrant petition, starting with labor certification application. A lawyer, who claimed to practice immigration law, processed my labor certification through the PERM process and it was a total disaster! It was kind of a hit-and-miss process because he was not familiar with the new PERM application. Moreover, I had to do all the legwork of contacting newspaper companies and placing advertisements. I even had to do the layout and wording of the Sunday ads. My first PERM application was denied because it was filed just one day over the 180-day time frame. I was forced to stick it out with this lawyer because I had already paid him his \$4000 professional fee. My second PERM application was approved but there was an error in my work description because I was a Physics teacher but the PERM approval stated that I was a Math teacher. I pointed out the mistake to him when I first got a copy of the PERM approval. But he assured me that I should not worry about it anymore since USCIS will not question what the Dept of Labor had already approved. My priority date became current in 2007 and I applied for my green card together with my family. By this time we had spent around \$10,000 already and had waited for four years. I was totally shocked when, one day, USCIS sent me a letter denying my immigrant petition since I was not qualified as a Math teacher but was actually Physics teacher. It was that very error that I had pointed out to my immigration lawyer when I first got a copy of my PERM approval. My lawyer prepared an affidavit, stating that it was just a typographical error, and he even had the guts to ask for a \$300 fee for preparing a document to correct the error that he had made. To cut the long story short, my immigrant petition was revoked and my green card application was denied.

With my 6th year work visa limitation within the horizon, I was getting desperate. So I scheduled an appointment with Atty Shusterman and he was very honest with me. He didn't give me those empty promises that everything will be easy. He advised me to start the PERM process all over again. A competent associate specializing in PERM and work visas together with a methodical paralegal were assigned to my case. My PERM and petition for a nonimmigrant worker were approved and I was able to extend my work visa beyond the 6-year limits. The whole process was done professionally and the law firm did all the legwork. Now I am just waiting for my priority date to become current so I can apply for a green card.

Reflecting on my past experience, I should have started off with Shusterman's Law Firm. I thought hiring my first immigrant lawyer would save me a few thousand dollars. In the end, I wasted around \$10,000 in the process and worst of all, wasted precious time. My family and I would have been green card holders by this time had Atty Shusterman handled my case.

So if you are looking for a competent, honest and experienced immigration lawyer and want to receive professional service, you should see Atty Carl Shusterman. He doesn't give you any empty promises, but tells you the hard facts and what you need to do. His team of lawyers are very competent and will personally attend to your case. The paralegal assigned to me would respond to my emails within minutes after sending them. I was totally satisfied with the firm's services and I will highly recommend him to any person who is need of an immigration lawyer.

For best results, hire the best.

This firm was recommended to us by several friends who had used them for similar cases to ours. We were pretty nervous about putting our trust into people we had never met before, having only spoke over the phone several times. How wrong could we have been!! They were amazing, Mr. Shusterman was a complete gentle man very understanding and helpful, answered every question we could have thought of, told us what to expect and how long it would take. Our lawyer was Amy Prokop, who was equally amazing, she was professional, easy to talk to, and funny. On the day of our interview she was great, she told us exactly what was going to happen and she was right. She really put us at ease when we needed it most, and last but not least our paralegal Ana Cruz was fantastic also, we called her sooo many times asking questions about paperwork and so on and she was great gave us all the information we needed and if she didnt know something she found out very quickly for us. All in all if you decide to use this firm you will not be disappointed. We could 'nt have asked for a better experience!

#### Client Review:

Save yourself some time, some money, and a lot of heartache. Go see Carl. I recently brought my Chinese wife to America. Everything was flawless. No requests for more info. An interview with the American embassy that was successfully concluded in 10 minutes. It was actually sad to see about 20 women come out from the interview before her - they were trying not to cry. Carl has been doing this for a few decades. He knows things the average person would never know. That's why I say save some money. Trying to do it a few times by yourself will most likely result in trouble. It costs more to fix trouble than it does to do a correct immigration.

Carl also has an amazing team to back him up. Judy Lu handled our case because my wife was Chinese. Judy immigrated here almost 30 years ago from China. She's been

doing this for almost 30 years. She knows everything about the process, but more importantly she knows everything about the immigration system and people. She knows what they want to see, she knows what makes them suspicious. Carl even had a Chinese speaking lawyer coach her for the interview. I highly recommend Carl and his staff.

For best results, hire the best.

#### Client Review:

I was surprised at my N-400 interview to learn that my employment based case would be denied because I had left my previous employer too soon. In shock I approached Carl Shusterman's law firm. They were very polite and very professional and promptly paid attention to every minute detail regarding my case. Even though this is a high profile law firm - they took all the time in the world to respond to all my queries and reviewed several drafts of my documents. Attorney's Raj Iyer and Ellen Lee took the time to meet with me several times and explained all the nuances of the law. My case was approved in a record time of 1 month !

I guess this is why they are considered the best in the field !

He gave me excellent advice and was able to respond to that notice in less than a week. Raj Iyer in his office responded very promptly and courteously to all my requests. It was the best experience I have had with immigration lawyer in nearly 8 years of trying to get my green card.

I have known Carl Shusterman since 1997 when I met him in Pasadena, California. He has a very charming personality. It was a very tough time for me having used some very so called prominent lawyers in the past for my H1 B and nothing was happening. He was able to get me out of the hole and subsequently get my EAD, Travel Parole and Green Card. We just got our citizenship on the 5th year anniversary of Green Card! We never had a query by the USCIS on our case, it was thoroughly prepared always. I would mention Ms Judith Lu in his office who handled my case professionally and answered my questions on time and promptly. Your case is guaranteed to be approved on time without any problem if you use them. It is Time and money well spent. I am going to use them for my parents immigration now without hesitation. Thanks a lot Carl and Judith.

**Client Review:**

Mr. Shusterman and his team of attorneys are outstanding and clearly some of the best in the field of immigration law, based on our experience.

We (my spouse and I) recently got our Green cards approved, Mr. Shusterman's office representing as our attorney.

After being stuck in the black hole of immigration backlog for many years, we had almost given up hope for any resolution soon, till we got in touch with Mr. Shusterman, who assured us that cross-chargeability would work in our case and that there was light at the end of the tunnel.

Throughout the course of our consultations, I came to know Mr. Shusterman as an extremely knowledgeable and experienced attorney. His approach was realistic coupled with optimism. We were given the entire, bigger picture, before being focused on the specifics of our case, which gave us a sound understanding of the whole, and confidence in Mr. Shusterman's ability to pursue our case.

I appreciate their office for being approachable, extremely professional and pushing relentlessly for the success of our filing. Personally, I do not feel we could be in better hands, and sometimes regret that we could've easily shaved off at least a year of waiting in the backlog if we had approached them earlier. Can't thank them enough.

Highly recommended!

The previous attorney firm that was working on my immigration matters were not very knowledgeable. They were okay but did not have a thorough understanding of all immigration matters and were not very reciprocal. I happened to find Mr. Shusterman and his firm through the internet. Attorney Lee spoke to me initially and later Attorney Rajkrishna guided me through my immigration matters.

At times, I felt like they were thinking more about my case than I was. They were very focused about the task at hand. On immigration matters, it all boils down to the lawyer listening to you patiently on your silliest question, being reachable and guiding you correctly. Carl Shusterman and his firm do all that and beyond in my opinion. I would recommend them to anyone for immigration matters.

For best results, hire the best.

#### Client Review:

Me and my wife have just been approved for the permanent residency and I just can't express how relieved that the long ordeal and wait is finally over. I have gone through no.of status changes from B2-JI-HIB and now finally Adjusted . Like others before me Mr Shusterman's esteemed firm must have processed thousands of cases having different scenarios. His firm was involved inmy case from the JI-HIB Conversion to finally through to Adjustment to PR. While I don't know about the others, his FIRM right fromt he get go was involved with us very intimately and professionally in providing the infos, the much needed documents, necessary feedbacks, and sometimes was even warning against complacency in terms of time sensitive matters. His office is a mixture of very friendly, caring and dedicated individuals who think the clients as one of themselves. In my case , Judy Lu Sr paralegal and Attny Rajakrishna Iyer was mostly involed though in their absense their was always other attny with quick feedback and necessary advice promptly available, and truly I never had the impression of being adrift. These two individuals I mentioned was not only caring and dedicated, they also were always behind me in getting together the important pieces promptly, with correction and most important,I always received the emails/ repliesfrom Judy/ IYER almost immediately regarding the next course of action with explanation.. I have called them so many times including odd times , but the response was always friendly , compassionate and professional. There was always an air of encouragement. Being aware of Carl Shusterman's background as an experienced Immigration Attny,I always had the feeling that my papers will be completed on a successful note,and that is what his dedicated staff has always done. My heartfelt thanks and appreciation to their dedication

**Client Review:**

Law Offices of Carl Shusterman is a big immigration law firm in Los Angeles, and I would add from my part, a great, trustworthy, and dedicated attorney, committed to their clients with an extreme care, responsiveness and follow up practicing very good, competitive and reasonable prices for their services.

After interviewing multiple firms, I decided to go through the process of submission of an I-140 (EB1) self-petition with Carl Shusterman having conviction after first consultation that is very experienced and honest attorney in matter of immigration.

A wonderful paralegal Jay Pounders encouraged and supported me from first day and has been a faithful counselor and contributor to the success of my case (approval of an EB1 I -140 petition )

Jay was extremely accommodating, generous, and responsive as well as knowledgeable, responding immediately to any of my questions and constantly mindful of my needs.

Every meeting, call, and email was productive and encouraging and I could count on him and his team to be responsive, professional and thorough.

It is comforting and reassuring to find in a law office a paralegal so experienced, intelligent, kind, and trustworthy. Jay is a unique individual who will exceed your expectations.

As stated, I recommend him and Law Offices of Carl Shusterman without reservation.

I found Mr Shusterman and his firm after researching the internet. I have used several immigration lawyers in the past, for H-1 visa, green card, etc. This time, I needed a super heavy weight immigration attorney because USCIS denied my naturalization application and started deportation procedures (for reasons I will keep private). less fame. Long story short, Mr Shusterman and his team were able to reverse both immigration decisions and I am now a US citizen. While elated, I was also shocked at the result because of the way USCIS presented the issues to me. It takes a rare lawyer to be able to succeed in reversing BOTH such decisions. He saved my career and my family.

#### Client Review:

I can honestly say that Mr. Carl Shusterman and his team are probably the best in the business when it comes to immigration matters. Carl's greatest asset is his prior work experience as a former INS prosecutor. My family and I were on the verge of being deported from the United States. Because of Carl's expertise and dedications, not only are we allowed to remain in this country permanently but are on path of obtaining citizenship. Carl is very professional and caring when it comes to explaining legal matters to his clients. Carl will always put you at ease. He even allowed us to call him at home on evenings and weekends for urgent matters. Now, that's impressive.

We also have had the pleasure to work with his other team members (Elif Keles and Ellen Lee). Because of their tireless efforts, our immigration issues were resolved in a matter of months instead of years.

It is without a doubt that we will strongly recommend Carl Shusterman to others. After all, whether or not you get to stay in this country is all depend on the competency of your attorney. And this is something you don't want to compromise.

#### Client Review:

After having read the review titled "Unethical firm w/ no follow through [sic]" posted by anonymous, I am completely bewildered. My family and I were former clients of Mr. Carl Shusterman and I can honestly say that he had a tremendous impact on our lives- a very positive one. Maybe some of you have heard of us, as we were in the newspapers and media sources and it was thanks to Mr. Shusterman and his wonderful paralegals that we were able to overcome many of the obstacles that immigration lay in our path. My name is Diana Cabrera and I am now 17 years old but when my parents filed their case I was about 10 years old. I was truly very young and had to endure many difficult experiences; however, I had complete and utter faith in Mr. Shusterman and his work. He inspired in me the will to fight and to continue and to pursue my dreams. He was a tremendous source of comfort often contacting us to let us know the stage that we were found in. Even when my parents had been denied and they had been told to pack and get out of this country, Mr. Shusterman rushed to find an alternative in order to ensure that my parents could stay.

It is important to understand that there are not only a couple of people filing for a permanent resident card, there are millions and so the process can be a lengthy one. However, Mr. Shusterman was with us every step of the way ensuring that everything was filed correctly and on time and even asking for more in order to have more evidence with which to aid our case. For a quick summary of what we had to go through and the time that it took to finalize our case please click on this link:

<http://www.shusterman.com/photo15.html>. It is understandable that some people wish and have the idea that everything shall be resolved quickly, however this is not true and it takes time to go through the entire process. Overall I can say that Mr. Shusterman and his colleagues were wonderful, supportive, and very dedicated people. Something that my mom shall never forget is that there was not only one attorney working on the case but rather a combination of attorneys all with their special expertise. It is that which distinguishes Mr. Shusterman's firm from the rest and he genuinely cares about his clients; further evidence of his dedication and wonderful service is that if you review our case, during our court meetings there was not only one attorney representing us. In fact there were various and they were all very helpful and warm and loving and caring. If you have any questions for me that you would like me to answer please feel free to contact me at [crazy\\_coconut9294@yahoo.com](mailto:crazy_coconut9294@yahoo.com). I will be more than happy to answer your questions.

He guided my family and me thru the bureaucratic maze and we got our immigration papers without a hitch - all the way thru till we acquired our citizenship papers. And because of his help and professional guidance the USA now has productive citizens in an admissions director of an exclusive prep school in Massachusetts (Deerfield Academy), the country head of ING Baring bank in Bangkok and an assistant professor at the University of Chicago and I have an ongoing practice in ophthalmology in California. All because of the efforts and encouragement of Mr. Carl Shusterman. Thank you Carl.

**Client Review:**

My husband and I were marred August 2005 and initiated our Application for permanent residence with Carl through the phone interview in early October of 2005. We had regular and clear communication via email with a very competent and helpful paralegal named Gale. Gale was very obliging in answering any and all questions she could answer, for myself and my husband who were completely new to most immigration technicalities. At any time she could not answer our questions due to legal protocol, she would forward our question to be promptly answered by our attorney Ellen for legal advice.

When initial applications, medical examinations, and affidavits had begun processing, the firm advised us that a fee increase with USCIS was going into effect in short notice and they helped us to get everything filed before the increased fees would be incurred.

When the final drafts of applications for our signature had a typo, the firm paid for all Fed -Ex overnight expenses to have the forms corrected, re-sent to us for signature, and returned Fed-Ex overnight in order to be filed before the fee increase would affect us.

At each personal meeting with our Attorney, and throughout the interview process at INS, Ellen Lee was straight forward, knowledgeable, personable, and professional. She made the very daunting and difficult processes run smooth and simply. When we arrived at our interview with sweaty palms and nerves a wreck, her expertise and optimism assured us of what we were to find out shortly: that our entire process had been in the very best hands. Within the short span of 5 months, my husband received work permit, and a green card.

In the time passed since we have needed their services the staff at Shustermans has still been available for advisement on the filing of application for removal of restrictions on Permanent residence.

I cannot recommend highly enough any and every experience I have had with each person at Carl Shusterman's Firm, including Carl himself.

I work with Merritt Hawkins & Associates, the largest physician search and consulting firm in the United States. **Client Review:**

A few years ago I had the honor and pleasure of benefiting from the unparalleled experience, dedication, and professional services provided by Los Angeles based immigration attorney Carl Shusterman. His experience as a former INS prosecutor, his keen mind, and intimate knowledge of the law were the perfect combination to prevail in what was a rather complex immigration case. My gratitude for the second to none legal representation offered by Mr. Shusterman cannot be entirely expressed in words and is one of the reasons why I continue to refer friends and colleagues who find themselves in need for an outstanding attorney.

Mr. Shusterman was honest in his assessment of the case and while some of his legal opinions were hard to accept at time, he never made promises he could not keep. In addition to providing factual information, Mr. Shusterman explained his legal strategy in great detail and in the process would spend as much time as necessary to answer questions that arouse from his explanations. Finally, Mr. Shusterman made himself available and promptly returned calls and emails many of which resulted from thinking about the information he had provided during previous consultations. In the end, not only did Mr. Shusterman provide excellent legal services, but he also changed my perceptions of individuals in the legal field.

I would recommend Mr. Shusterman to anyone seeking the best legal immigration representation available in the US.

Mr. Shusterman not only has considerable personal experience of over 30 years practicing immigration law, both for the government and in private practice, but he has an uncommon interest in the lives of the clients he serves. He is truly remarkable. There is no one I would rather use or recommend than Carl Shusterman in this area.
