The Law Offices of Carl Shusterman has been handling our immigration case for a few years now. During the entirety of this time, their service has been nothing short of exceptional. In particular, Judy Lu, senior paralegal and primary person at the firm who handles our case, is always very good at answering any and all questions we have in a very courteous and timely manner. She also proactively takes charge and keeps me updated on any changes that occur. She also does an exceptional job of explaining all the legal jargon in layman's terms so that I can understand and make a more informed decision. Overall, this firm provides fastidious service and I have highly recommend them to a few of my colleagues in need of a good immigration attorney.

Last year, I was amazed how Mr. Shusterman successfully represented my wife with her Citizenship application; his in depth knowledge in immigration law, work ethic and commitment to his client made me seek his expertise to help me with the process of my application for Adjustment of Status this year. From the first consultation I had with Mr. Shusterman, I knew why my wife was so impressed and extremely satisfied with this Law Firm: Mr. Shusterman and his team of attorneys and paralegals were absolutely the greatest and easiest professionals to work with; they are knowledgeable, experienced, trustworthy, and responsive. They were meticulous and attentive in preparing my application and answered all the questions and concerns that I had. I was kept informed of all the relevant aspect of the process at all time. Mr. Shusterman is a consummate professional; he was extremely honest, diligent, and was very informative and knowledgeable about my particular situation, he was very proactive and was always available for me during the entire process and made me feel totally comfortable in the lawyer-client relationship, but most importantly, he knew how to handle my case to a successful conclusion. Edgar I was referred to the Shusterman Law office in California by a *Posted on 08/10/11*
sponsoring hospital when I came to the US in 2004 and was fortunate to have been assigned to Atty Ellen Ma Lee. Atty. Ellen Ma Lee was instrumental in my acquisition of a permanent resident status and eventual US citizenship. Her professional guidance and inputs helped me breeze through the naturalization process. She has put me at ease during consultations as she is friendly and humorous while being straight-forward in answering questions . I appreciate that she makes herself available for discussions even by telephone. She also promptly responds to email queries. In addition to Atty. Lee, the firm's paralegal staff, particularly Ms. Ana Cruz, are likewise very efficient, attentive and ready to address concerns immediately. The Shusterman Law Office, through Atty. Lee, has handled all immigration concerns for me and my family since my arrival in the US. Though I have transferred to Maryland , I have opted to retain her services to continue the expeditious resolution of immigration concerns that I have come to expect . I found Mr Shusterman and his firm after researching the internet. I have used several immigration lawyers in the past, for H-1 visa, green card, etc. This time, I needed a super heavy weight immigration attorney because USCIS denied my naturalization application and started deportation procedures (for reasons I will keep private). He was very direct from the beginning and his fee structure was simple and comparable to other law firms of less fame. Long story short, Mr Shusterman and his team where able to reverse both immigration decisions and I am now a U.S. citizen. While elated, I was also shocked at the result because of the way USCIS presented the issues to me. It takes a rare lawyer to be able to succeed in reversing BOTH such decisions. He saved my career and my family."

Without a doubt, Carl and his team are the best in Immigration. As an immigrant I have learned a lot during years about immigration and immigration attorneys. You definitely want someone with experience and knowledge to handle your case (no matter how simple your case is). There is not any kind of immigration case and problem that Carl and his team haven't seen and solved. Besides, immigration is Carl's passion, he has spent his life on improving immigration laws. You may think a lawfirm at this level is probably very expensive but actually the cost is very reasonable and a lot better than many other law firms when I compare to my friends. After all, what you spend on your immigration matters is like an investment on your future. Carl and his staff are very friendly and responsible and always available to discuss your concerns. You will never find yourself alone and hopeless when you are one of their clients. My wife and I are so grateful to them for the superb work they have done for us.

My family and I were former clients of Mr. Carl Shusterman and I can honestly say that he had a tremendous impact on our lives - a very positive one. Maybe some of you have heard of us, as we were in the newspapers and media sources and it was thanks to Mr. Shusterman and his wonderful paralegals that we were able to overcome many of the obstacles that immigration lay in our path. My name is Diana Cabrera and I am now 17

years old but when my parents filed their case I was about 10 years old. I was truly very young and had to endure many difficult experiences; however, I had complete and utter faith in Mr. Shusterman and his work. He inspired in me the will to fight and to continue and to pursue my dreams. He was a tremendous source of comfort often contacting us to let us know the stage that we were found in. Even when my parents had been denied and they had been told to pack and get out of this country, Mr. Shusterman rushed to find an alternative in order to ensure that my parents could stay. It is important to understand that there are not only a couple of people filing for a permanent resident card, there are millions and so the process can be a lengthy one. However, Mr. Shusterman was with us every step of the way ensuring that everything was filed correctly and on time and even asking for more in order to have more evidence with which to aid our case. For a quick summary of what we had to go through and the time that it took to finalize our case please click on this link: [Cabrera Family Wins Right to Remain in U.S.](#) It is understandable that some people wish and have the idea that everything shall be resolved quickly, however this is not true and it takes time to go through the entire process. Overall I can say that Mr. Shusterman and his colleagues were wonderful, supportive, and very dedicated people. Something that my mom shall never forget is that there was not only one attorney working on the case but rather a combination of attorneys all with their special expertise. It is that which distinguishes Mr. Shusterman's firm from the rest and he genuinely cares about his clients; further evidence of his dedication and wonderful service is that if you review our case, during our court meetings there was not only one attorney representing us. In fact there were various and they were all very helpful and warm and loving and caring. I am a Los Angeles-based news reporter, who hired Carl and his team of attorneys to help me acquire permanent residency in the United States. I was dreading the arduous and bureaucratic process, but Carl and his staff were so professional and efficient, they helped the procedure go very smoothly. Carl has extensive experience both as an INS Prosecutor, and in private practice, which gives him a thorough understanding of the entire immigration process. He is also well-versed in U.S. immigration policy, and keeps up with the latest trends in immigration law. From your first conversation with Carl, you immediately become aware of his integrity and commitment, and moreover, the passion he exudes for his work. Any concern I raised was immediately addressed. Phone calls were answered in a timely manner. Information I requested about the process was promptly forwarded. And there was never a complaint from his staff. They were always courteous and attentive, making me feel that my case was the only one being handled by the firm, when in reality I was likely one of hundreds of clients. That's right, the Law Offices of Carl Shusterman has gained a reputation as the "go-to" firm for immigration cases. Carl believes that immigrants have played a pivotal role in making the United States one of the greatest nations on earth, so he will work to help those he believes will contribute to the greater good of this country. Be warned: Once your case has been settled, you'll likely still continue to hear from Carl. His genuine warmth and kindness make it near impossible not to become his friend. Thank you Carl.

Thanks so much Ann. Obtaining the approval of your petition as a Person of Extraordinary Ability was not accomplished solely based on my efforts. It was truly a team effort, and Raj and Susan did a wonderful job in proving to the USCIS what an extraordinary reporter you are.

I work with Merritt Hawkins & Associates, the largest physician search and consulting firm in the United States. For the last 20 years, we have relied on the Law Offices of Carl Shusterman to assist us in immigrating the foreign-born physicians we recruit. As the length of our relationship suggests, we have been very satisfied with the services Mr. Shusterman and his attorneys provide. Mr. Shusterman is one of the most respected immigration attorneys in the United States and is noted for his ability to achieve positive results even on problematic cases. He and his attorneys consistently display a high degree of expertise, ethics and follow-through. I can recommend Mr. Shusterman without reservation. He is an excellent attorney.
